Aerial Bombs, Whistles, Bells To Mark Opening Of 150th Anniversary Events August 30

The schedule of events for the Sesquicentennial celebration August 30 through September 4 was announced today by the Sesqui organization.

The big event each evening will be the historical pageant, "Freedom's Frontiers," to be presented by a cast of 500 countians August 30, 31, September 1 and September 2, in the stadium at Gettysburg college.

Wednesday, August 30, designated as "Queen's Day," historical window displays throughout the county will be unveiled and agricultural exhibits will be set up by 4-H and Senior Extension groups throughout the county, at 9 o'clock in the morning.

Opens In Three Weeks

At 10 o'clock on the morning of August 30 the celebration will be officially opened with the explosion of aerial bombs. Factory whistles are to blow and church bells ring, and residents of the county are asked to help in making a joyous din by sounding their auto horns at the stroke of 10, three weeks from today.

A registration of all returning "old timers" and visitors will be held at 10:30 o'clock until noon at the Sesqui booth on Lincoln Square here. At 12 noon a "Kangaroo Kourt" will be held to nab those without Sesqui hats, shavers' permits, or "Brother of the Brush" badges.

Dr. Hanson To Crown Queen

A luncheon for the Sesqui queen and her court plus invited guests will be held at 1 o'clock in the afternoon of August 30, and at 7:30 o'clock at the college stadium here a concert will be presented by the Littlestown Male chorus of 30 voices led by Robert Snyder, director. The concert will precede the coronation of Miss Adams County by Dr. Henry W. A. Hanson, president of the college.

The first performance of "Freedom's Frontiers," the Sesqui historical spectacle, will get underway immediately after the coronation. A fireworks display at the stadium will conclude the day's activities.

Thursday, Patriotic Day

Thursday, August 31, will be "Patriotic Day" with the same schedule as Wednesday listed for the morning. An official luncheon for invited guests will be held at 1 o'clock in the afternoon at the Hotel Gettysburg with the guests invited including Governor Duff, U. S. Senators Martin and Myers, Congressman Land, other visiting celebrities and Sesqui officials.

At 3 o'clock in the afternoon on August 31 a speaking program will be held in Lincoln Square. At 7:30 that night in the college stadium, an "Adams County All-Talent Night" will be conducted with a number of countians presenting musical selections. At 8:30 the second showing of "Freedom's Frontiers" and fireworks will be held.

Friday Is "Youth Day"

Friday, September 1, will be "Youth Day" with the program the same as on the other days with the exception that a youth and hobby parade will be held at 1 o'clock in the afternoon and youth contests and athletic events and similar activities are scheduled for 2 o'clock at Recreation Park. The 7:30 o'clock program at the stadium will be a concert by the York Springs Barber Shop quartet. The third showing of "Freedom's Frontiers" and fireworks are scheduled for 8:30 p.m.

From 10 o'clock Friday night until 1 o'clock Saturday morning a street dance will be held on Lincoln Square with Classman's orchestra providing the music.

Massed Bands To Play Saturday, September 2, will be Adams County Day, with the same program. (Please Turn to Page 2)

THOUSANDS TO SEE FARM WORK DEMONSTRATION HERE THURSDAY

Seventeen tractors will be used by the Cannonball Chapter of the Pennsylvania Young Farmers Association Thursday during their all-day soil conservation demonstration at the farm of Lawrence Heltzel, near Gettysburg, on the Mummusburg road.

Working in conjunction with the Adams County Soil Conservation District, the members of the organization hope to complete 1,185 feet of sod outlets for diversion terraces and drainage terraces, 3,025 feet of drainage terraces, 1,875 feet of diversion terraces and make bedding for two acres for drainage to be seeded to pasture.

Several thousand people are expected to be present for the all-day affair. Alton H. Good, president of the Cannonball chapter, said.

To Use Own Equipment

A district conservationist from Franklin county will be present to aid the members in carrying out their soil conservation project. The group hopes to show the work that can be done by a farmer using only equipment available on his own farm.

Good said that the program "is designed to interest people in soil conservation to prevent our county being washed away by the rains. A farm does no good when it's being washed down a river some place, and it is the top soil which makes the farm. Far too much Adams county top soil has already been washed off into the streams because of poor soil conservation measures."

Members of the Cannonball chapter who will provide equipment and "manpower" for the demonstration include Lawrence Heltzel, John (Please Turn to Page 5)

"Brush Brothers" Measure Sesqui "Foliage"

These are the days when the sight of two men standing chin to chin doesn't mean there is going to be a fight within moments. They probably are just "Brothers of the Brush" checking on the growth of each other's whiskers with both being somewhat envious of the other's apparently more "beautiful" bristles. Four of the "Brethren" are shown above measuring the growth of their fellow members' facial adornments for the Adams County Sesquicentennial. Wilbur Kappes, standing, left, is testing the tensile strength of the hairs on Glenn Minter's chin. G. Henry Roth, standing right, is measuring the progress of the hirsute adornment on the stubbled chin of Mahlon P. "Jim" Hartzell, Jr. (Photo by Lane Studio)

Here And There

News Collected At Random

The Sesquicentennial edition of The Gettysburg Times commencing with the anniversary of the founding of Adams county is expected to be the largest edition ever published in this county. It will be in excess of 60 pages, judging from the response received thus far.

Five sections of the paper have been printed and three others are in process of production. This is an indication of how well the commemorative edition is meeting with the approval of the merchants and the manufacturers of the county. If the present schedule can be maintained, despite the strain on the physical capacity of our plant, the edition will exceed any previous issue by many pages.

The commemorative edition will be the finest ever published by The Gettysburg Times. The front page of each section contains a special illustration, approximately one-half page in size. All the stories and articles are about Adams county, beginning with the inception of the county in 1800 up to the present time. They make most fascinating and interesting reading. We feel certain you will treasure these articles for their historical value.

The advertisements are especially interesting and attractive. Most of them contain photographs of the business advertised. These alone will give a fairly good picture-story of the businesses that make up this county.

A limited number of extra copies are being printed. Each regular subscriber of The Times will receive a copy. All the extra copies will be available while they last, at 25 cents per issue. Many countians have ordered extra copies, most of which are to be mailed to friends and relatives out of the county.

We suggest that if you have not placed your order that you do so at your earliest convenience.

Marines Say Reds Use Women, Children To Shield Soldiers

Tokyo, Aug. 9 (AP)—U.S. Marine pilots reported today that North Koreans are using women and children to prevent bombing of some Communist troop concentrations.

Leatherneck airmen said when they flew over some villages where the enemy is known to be assembling, the streets were teeming with women and children.

No men or troops could be seen. They presumably were concealed in houses.

The Marines said they refrained from bombing these areas for fear of inflicting heavy casualties on non-combatants.

The carrier-based Leathernecks' first strikes this week were along the flaming southern front. They were supporting ground troops attacking to stop the Red drive on Pusan, last-ditch supply port.

They hit machinegun positions, artillery and mortar emplacements and troops, as well as tanks and transports. Fliers estimated that in one attack Monday they knocked out 40 trucks, two tanks and started large fires at Chinju and Tandong.

Strategic railway and highway targets in North Korea were blasted yesterday in widespread strikes by Air Force bombers.

An air war summary released by Gen. MacArthur's headquarters said B-29s struck key rail yards at Pyongyang as well as important bridges on rail lines and highways channeling war material to the Reds on the fighting fronts.

Twin-engine B-26 light bombers lashed out in a heavy foray against the Communist-held seaport of Inchon. They dropped 32 half-ton bombs on industrial and dock installations in a daylight assault.

Surveys reported excellent results in all operations.

STOCK FISH IN 36 FARM PONDS; MAP 2,100 ACRES

Sixteen farm ponds have been stocked with blue gills and 20 with bass fingerlings, W. Clayton Jester, treasurer of the county Soil Conservation District, announced today.

The district plans to continue stocking various farm ponds now in construction as they reach completion, Jester said.

The weekly report of the district shows that a tile line layout was completed on the Raymond Briar farm, Hanover R. 1, and tile work on the Clarence Fuss farm, Gettysburg R. 4, is near completion.

Plan Contour Stripping

Drainage surveys on the farm of Glenn Hartman, Biglerville R. 1, were completed, with an installation of tile drainage among the recommendations. On the farm of Maurice Sullivan, New Oxford R. 2, a program of diversion terraces and tile drainage was laid out.

A diversion terrace layout was made on the Russ Weaver farm, Aspers R. 1. On the Michel Loria farm at McKnightstown, Loria is installing his own diversion terraces with tractor and plow.

Contour strips are to be laid out on the Charles Conway farm, New Oxford R. 1, the report shows. The report also discloses that 2,100 acres were soils mapped in recent weeks.

Ponds were completed on the following farms: Crowell Bucher, Gettysburg R. 3; Paul Smith, Gettysburg R. 3; Garfield Coble, Aspers R. 1; Glatfelter company, Iron Springs; Daniel Yingling, Gettysburg R. 3; A. S. Bagley, Guernsey; Joseph Klunk, Hanover R. 4.

Pond construction was begun on the Hartranft Stockham farm, New Oxford R. 1, and pond surveys were made on the following farms: Marcus Storm, New Oxford R. 3; Ray Reichart, Littlestown R. 2; George Martin, Gettysburg, and N. W. Raffensperger, Aspers R. 1.

Twelve new cooperators were added to the district files during July, John Peters, director of the district, reported. The total of cooperators now is 270.

Complaints About Kids' Whistles

Borough police and the office of the burgess are attempting to "break up" the practice of a number of local children of blowing "police" whistles at traffic.

Burgess William G. Weaver said that his office has received a number of complaints from tourists and local people regarding the activities of the children, and added that the practice has already caused a number of "near misses" as cars slam on brakes when they hear the whistles, believing them to have been blown by policemen.

The burgess said the police department will do everything in its power to discourage the practice because of the danger to traffic. "Drivers are accustomed to hearing police whistles blown by policemen," Burgess Weaver said, "and when they hear the whistle they attempt to stop, or look about to see what danger may be approaching. It is an annoyance and an inconvenience at best, but it is also a dangerous practice, which may cause auto wrecks."

Bendersville Fire Bazaar This Week

The annual firemen's bazaar of the Bendersville Community fire company will be held Thursday, Friday and Saturday evenings. On Friday evening the Vigilant band of York will play and on Saturday evening the Upper Adams Joint high school band will present the music.

Eighty-three prizes are listed for the grand drawing to take place during the final night. New attractions have been added to the bazaar.

Plenty of free parking space is available in the Apple Bowl.

Tokyo, Thursday, Aug. 10 (AP)—North Koreans today retreated before U. S. onslaughts on the southern and western fronts and pilots said the enemy was preparing to flee his southern base at Chinju.

U. S. patrols were only seven miles east of that bomb-wrecked city 55 miles west of the main supply port of Pusan. Chinju is the apparent objective of a U. S. counteroffensive on the south coast.

General MacArthur's war summary said American forces farther south had run into heavy opposition in their attempt to trap North Korean troops by linking up with the main body east of Chinju.

Red Battalions "Eliminated"

This pincers southeast of Chinju last was reported within seven miles of closing.

Gains averaging about three miles were reported along the southern front.

The summary, covering fighting of the past 24 hours, said two enemy battalions—possibly 1,600 men—supported by tanks were "eliminated" from one bridgehead on the Nakdong river.

But the enemy still was trying to breach the river line, which protects Taegu, front line city and refugee South Korean capital 55 miles northwest of Pusan.

BULLETINS

Washington, Aug. 9 (AP)—

The Secret Service announced today the arrest of two men in a lonely mountain cabin at DeSoto, Missouri, on charges of passing \$12,000 in counterfeit ten dollar bills in 23 states.

Secret Service Chief U. E. Baughman said the men were scheduled for arraignment today before a U. S. commissioner in St. Louis. He named them as: Melvin Geoffrey Parsons, 57, of Crystal City, Missouri, charged with manufacturing the bills, and Louis Elmer Shew, 41, of DeSoto, charged with passing the bogus money on grocers and other storekeepers throughout the west, south-west and southeast.

Tokyo, Aug. 9 (AP)—American warships destroyed 75 per cent of the tracks in the marshalling yard at Tanchon, important North Korea east coast rail center, the Navy said today. Complete reports of the Monday bombardment by cruisers and destroyers were received by Vice Adm. Charles T. Joy, commander U. S. Far East Naval forces.

Tomato, Peach Pickers Needed

Tomato and peach pickers are badly needed, Edgar A. Crouse, manager of the local office of the Pennsylvania State Employment Service, said today.

At least 300 can be used in the tomato harvest and as many are needed to handle the work in the peach orchards, Crouse said in urging all who wish to take part in the work to register with the PSES office on Baltimore street immediately.

While all of the 600 will not be needed immediately, they will be needed within the next few weeks, and it is hoped to have that many available for duty in the fields and orchards, Crouse said.

Harvesting of peaches and tomatoes already has begun in some sections, although the peak of the harvest is still several weeks away.

Delegates to the state and national conventions were elected at a regular meeting of the Women of the Moose, Tuesday evening at the Moose home on York street. Thirty members attended.

All appointed and elected officers and past senior regents are requested to attend a special meeting at the Moose home Tuesday evening, August 15, at 7 o'clock. Senior Regent Marcella Harpster will preside.

Third Concert By Blue, Gray Band

The third in a series of public concerts by the Blue and Gray band this summer was announced today for Thursday evening at 8:30 o'clock. The concert will be presented on the Gettysburg college women's division campus in front of Stevens hall along Carlisle street.

The band has drawn good-sized crowds for its previous concerts in Lincoln Square and at the Gettysburg high school grounds.

The enemy was putting the pressure along the northern front—the roof of the shrunken Allied position in southwest Korea.

South Koreans were forced to make a two-mile withdrawal at unspecified points on the northern sector, the headquarters summary reported.

Bayonet Attacks, Tank Busting The North Koreans also were building up their forces in the Yongdok center, on the east coast end of the front.

In combat ranging from bayonet attacks to tank-busting, American Doughboys forced the Reds to retreat in the deep south. South Koreans slammed invaders back across the Nakdong river on the central front.

American attacks in the south picked up momentum and reeled the Reds backward toward ruined Chinju, Communist base. The fifth Regimental combat team was only seven miles from a link-up with the 35th Regimental combat team.

May Trap Many Reds The juncture may trap many Red troops. The Americans had been bogged down for two days near Chindong. They jumped off before dawn Wednesday on the new attack. Marines were rolling ahead with them.

Defenders of the Nakdong river line to the north shoved the Reds out of two river crossing bridgeheads. The U. S. 24th Division herded others into an open spot from the hills and poured artillery shells into them.

Serious threats to the important Taegu area on the central front were eased by the American and South Korean successes. The cheering news was given in a U. S. 8th Army communique issued at 6:30 p.m. (3:30 a.m. EST) Wednesday.

The close fighting took place in the south. U. S. soldiers, clashing hands before charging with fixed bayonets, killed 40 North Koreans in a sharp engagement.

The communique said the Reds apparently were withdrawing toward Chinju. The U. S. 35th Regimental combat team patrolled to within seven miles of the burned-out city.

The communique reported "aggressive-minded United Nations troops carried out successful action in every engagement with the enemy" along the entire 140-mile front.

Correspondent Hal Boyle reported U. S. First Cavalrymen chased after a battalion of Reds in the hills two miles below Waegwan, 15 miles northwest of Taegu, the South Korean Republic's emergency capital.

The Communists had waded the river in the night and commanded the road to Taegu with machinegun and mortar fire from a 1,200-foot ridge.

TRUMAN ASKS FOR FOUR LAWS AIMED AT REDS

By JAMES MARLOW

Washington, Aug. 9 (AP)—President Truman has asked Congress to pass four laws aimed at Communists. Make it easier for the government to punish spies, keep a check on them, prevent sabotage, and watch aliens who should be deported.

Except for the last point, there's a bill in Congress which would carry out Mr. Truman's ideas. This bill—offered by Rep. Bryson (D-SC)—passed by the House in March. The Senate hasn't acted on it yet. Still another House-passed measure parallel, the Presidents views on unwanted aliens but goes beyond his recommendations.

Mr. Truman expressed his ideas in a message to Congress yesterday.

Truman's Four Points

Here are his four points:

1. Make it easier to punish spies in peacetime. Under present law no one can be brought to trial for spying in peacetime unless the government charges him within three years of the crime.

This three-year limit on government's power to charge a peacetime spy is called the statute of limitations. Yesterday Mr. Truman asked Congress to extend this statute of limitations.

He didn't say for how long. But the House-passed bill would raise the limit from the three years after the crime to 10. And the penalty is 10 to 20 years in jail.

Prevent Sabotage

2. To keep a better check on spies. Under present law any American in this country doing work for a foreign government of a political nature must register as an agent of that government.

In his message Mr. Truman asked for a law forcing anyone — that would mean foreigners as well as Americans — who has been trained or told to spy on this country to report that fact by registering.

3. Prevent sabotage. Under present laws the President has pretty wide powers to issue orders protecting places involved in national defense. Mr. Truman asked Congress to give him even wider powers.

Replaces Former Law

He didn't say exactly what he had in mind. But the House-passed bill spells out presidential power to issue security orders about planes, airports, waterfronts, laboratories. (Congressmen who approved this bill explain it would take the place of a law which was passed during the war but died in 1943.)

4. To watch aliens who should be deported.

What happens when this government wants to deport an alien—for something he's done—back to his own country but it refuses to let him in?

FBI Power Not Clear

Under present law he can be held in custody for a time by this government. Then, except for having to notify the government of any change in his address, he's free to wander around.

If he's considered dangerous, of course, you can be sure the FBI will watch him. But now Mr. Truman asks for a change in the law to permit the attorney general to exercise supervision over aliens subject to deportation.

Since supervision by the attorney general really means supervision by the FBI, it's not clear what kind of extra power for the FBI Mr. Truman has in mind.

Clark Is Leading Taylor In Idaho

(By The Associated Press)

Former Senator D. Worth Clark was inching away from Senator Glen Taylor today in their rip-and-tuck race for Idaho's Democratic Senate nomination.

In 675 precincts of 839, Clark had 23,882 and Taylor 22,427, a lead of 1,455. A third candidate, Rep. Compton White, had 13,041. During the night, first one and then the other held a slight margin. The race is for a full six year term.

Senator Henry Dworshak, serving by appointment, won the Republican nomination for the four year term. His two opponents, former Rep. Abe McGregor Goff, and Pentress Kuhn, Boise businessman, conceded.

The Taylor-Clark contest featured primary elections yesterday in Idaho, Nebraska and Arkansas.

BOTH PARTIES CRY 'POLITICS'

Washington, Aug. 9 (AP)—Democrats and Republicans maneuvered today to get their own versions of anti-Communism and anti-subversive bills before the Senate. Each side charged the other with playing politics.

In the House two committees were in a race to get to the floor first with anti-Communist legislation.

Armed with an appeal by President Truman for authority to register foreign trained spies and saboteurs, Senator Lucas (D-Ill.) asked the Democratic Policy committee (noon, EST) to study the possibility of combining several security bills into a Democratic-backed single-package measure. Mr. Truman made his request yesterday in a 3,500 word message to Congress.

Led by Senators Ferguson of Michigan and Mundt of South Dakota, who have a bill of their own, Republicans talked over parliamentary plans to force action on a Communist registration bill that the President called "unnecessary, ineffective and dangerous."

Chairman Celler (D-N.Y.), of the House Judiciary committee told reporters he will begin work immediately to put the President's ideas into legislative form and hopes to begin public hearings next week.

YANK SHIP HITS NORTH SEA MINE

Hamburg, Germany, Aug. 9 (AP)—The 8,250-ton freighter American Planter struck a mine in the North Sea today, German shipping authorities said, and is being towed to Bremerhaven.

There were no reports of any casualties.

A spokesman for the vessel's owners, the United States Lines, refused to confirm that the ship hit a mine. The company said cause of the accident would be investigated when the American Planter reached port.

The ship normally carries a crew of about 50. The U.S. Lines said that, although there are accommodations for passengers, none were aboard.

The vessel was enroute from Hamburg to Dunkerque, France. It left New York July 26.

A spokesman said the accident occurred near the island of Heligoland.

Court Halts County Probe In Pittsburgh

Pittsburgh, Aug. 9 (AP)—Chief Justice James B. Drew of the Pennsylvania Supreme Court today halted Allegheny county's investigation of Pittsburgh's city administration.

Drew acted at the request of Attorney General Charles J. Margiotti. He said the high court will convene in special session in Pittsburgh August 16 to hear Margiotti's appeal.

The attorney general asked the court to halt District Attorney William S. Rahauer's grand jury probe of free work charges. Margiotti contended the county's investigation actually would be a "white wash" of Mayor David L. Lawrence's administration.

RECESS GAS HEARING TODAY

Washington, Aug. 9 (AP)—A 20-day recess was ordered today of a hearing on a proposal by Texas Eastern Gas Transmission Corp. to expand its system by building a 790-mile pipeline from Mississippi to its present facilities in Pennsylvania.

Glenn R. Law, Federal Power Commission examiner, set August 28 for a resumption of the hearing which opened yesterday. Witnesses who testified in behalf of Texas Eastern's proposal will be cross examined at that time.

The proposed new line would boost capacity of the system by about 476,000,000 cubic feet of natural gas a day. The company also proposes to deliver 260,000,000 cubic feet daily to New England communities.

Counsel for the Transcontinental Gas Transmission Corp. and the Tennessee Gas Transmission Corp. asked the commission to deny Texas Eastern's application before the recess was ordered.

Harriman Gives Optimistic Report

Washington, Aug. 9 (AP)—W. Averell Harriman came back from a Tokyo meeting with General Douglas MacArthur today and reported to President Truman that American forces are confident they can drive the Communists out of South Korea.

The President's foreign affairs advisor went to the White House about three hours after his arrival by plane and spent 30 minutes with Mr. Truman.

He told reporters afterwards that he informed the President about "my conversations with General MacArthur and my observations" on a battlefield visit to Korea.

While Harriman did not say so, presumably his talk with Mr. Truman dealt in part with the complex U. S. military and political situation in relation to Nationalist China.

TV STOCKS UP

New York, Aug. 9 (AP)—A mid-morning burst of demand for radio-television stocks pulled the entire market out of a rut today. TV stocks pushed up for gains running to around 32 a share. Automobile issues, clipped by profit-taking sales after yesterday's surge of strength, crossed into the plus column. Elsewhere losses were either cut down or converted into modest gains. Steels turned in a better than average performance.

Coach Jack Taylor's Texas Lunch team won the Softball league regular season championship by defeating the Moore 5-2 in a tight game Tuesday evening.

After the Moore had gained a 2-1 lead at the end of two innings the lunchmen scored twice in the fourth on safeties by Heintzelman and Belber and an error. In the next frame the league champs added two more on a single by Himes, walk to Bartholomew, sacrifice by Saylor and single by Heintzelman.

Tate collected two of the Moore's seven hits, one a triple, while Sherman poled a homerun in the second frame.

The Elks spotted the Lentz Legion an 8-0 lead at the end of two and one-half innings and then rallied to gain a 15-10 decision. Ten runs in the last of the fifth inning sewed up the verdict.

As a result of the victory the Elks need but to repeat this evening over the same team to clinch fourth position and a playoff position.

The first four teams in the final standing will open a round robin playoff series next Monday evening.

Eastern League

(By The Associated Press)
The Albany Senators were knocking on the door of the Eastern league's first division today as a result of first baseman Jim Pokel's roundtrip poke against fourth-place Utica.

Pokel smashed a two-run homer last night to climax a four-run seventh inning and the Senators edged the Blue Sox, 6-5. The win put the Senators within a half-game of the Sox.

The Williamsport Tigers downed the league-leading Wilkes-Barre Indians, 3-2, on Jack Cerin's two-run homer in the eighth. The Hartford Chiefs traded a twin bill with the Binghamton Triplets, winning the first, 6-3, and dropping the second, 10-3. Elmira and Scranton were not scheduled.

Midget All Stars Bow To Littlestown

The Gettysburg Midget All Stars dropped a 3-2 decision to Littlestown on the Recreation field Tuesday afternoon. An error and three singles gave the winners two runs in the third inning, and an error, sacrifice and single produced another tally in the fifth.

Gettysburg scored in the first on an error and two singles and notched its final run in the sixth when Yingling tripped and scored on Robison's pinch single.

The teams will clash again at Littlestown Thursday.

The Cardinals won on a forfeit from the Yankees in a Midget league playoff contest Monday morning.

Interstate League

A scratch single in the eighth inning kept Wilmington's Ron Mrozinski from racking up a no-hitter in the Interstate league last night. The lone hit—from the bat of Hagerstown's Pete Perini—came with one out in the eighth frame. Mrozinski made an attempt to snare the line drive but the ball bounced off his knees and Perini was on base. Mrozinski throttled Hagerstown the rest of the way to win 4-0.

The second place Harrisburg Senators divided with the fourth place Allentown Cardinals. Three homers helped Allentown take the first game 4-3. Harrisburg came back in the nightcap to win 3-1 behind the seven-hit hurling of Dick Hildebrand.

The third place Trenton Giants split with the sixth place York White Sox in another twin bill. Bill Stratton, York southpaw, notched his 13th victory against six losses in winning the seven-inning opener 4-2. Trenton's George McCaffery set York down with four fairly easy singles in grabbing the nightcap 5-3. Lancaster beat the Sunbury Athletics 6-2 to go three games ahead of the A's.

Tonight's schedule: Wilmington at Hagerstown, Harrisburg at Allentown, Trenton at York and Sunbury at Lancaster.

Robinson-Fusari Battle Tonight

Jersey City, Aug. 9 (AP) — Sugar Ray Robinson eager to mingle with the middleweights, probably makes his swan song as welter champion tonight at 9 p.m. (EST) against Charlie Fusari in a Damon Runyon Cancer Fund Show.

Not that Robinson expects to lose his title to the 25-year-old challenger from Irvington, N. J., in the Roosevelt stadium ring. He figures to romp home like a 1 to 5 shot. But the grind of making the weight is getting him down.

Robinson admitted as much yesterday at his Pompton Lakes, N. J., camp when he said, "Win, lose or draw, this is the last." Later he added that he meant "last if I get a middleweight title shot at Jake Lamotta."

PHILLIES HIKE LEAGUE MARGIN TO FIVE GAMES

BY JOE REICHLER

Associated Press Sports Writer
The flying Phillies are a prohibitive favorite to win their first flag in 35 years. Why? Because Manager Eddie Sawyer has succeeded where most of Philadelphia's 25 previous pilots have failed.

Sawyer has convinced his men that they could beat Brooklyn.

That was a feat very few former Philadelphia teams could accomplish. How well the eager, young Phils have taken the former college professor's lectures to heart is attested by Philadelphia's eight triumphs in 13 clashes with the Dodgers this season.

Until Sawyer took over as manager in the middle of the 1948 season, the Phils had failed to finish in the first division since 1932. During those 16 years, they'd been able to win only the 1937 season's series from the Dodgers.

In his first full season at the helm, Sawyer saw his team hold the Brooks even in 22 games. That progressive step was largely responsible for Philadelphia's third place in 1949.

This year the Phils have been even more potent against the defending champions. Last night's 6-5 decision marked the Phils' sixth win in their last seven meetings with the Brooks.

The triumph was the most coveted of the season, since it widened the Phils' first-place lead over Boston to five games—their biggest lead thus far.

Lose 10th Straight

The St. Louis Cardinals handed the Pittsburgh Pirates their 10th straight loss, 6-4, while the New York Giants suppressed the Braves, 2-1, for their eighth consecutive victory.

Boston's Red Sox made a big gain in the American league race. They trounced the New York Yankees, 7-4, while the Chicago White Sox were vanquishing the front-running Detroit Tigers, 9-6. The fourth place Red Sox now are six games behind the Tigers. Cleveland and St. Louis were rained out.

Cincinnati's Reds swept a double-header from Chicago, 10-1 and 9-0, to climb within a half game of the sixth-place Cubs. Philadelphia's Athletics blanked Washington 5-0, on Lou Brissie's two-hitter.

Young Robin Roberts gained his third straight triumph over the Brooks this year although he needed assistance from ace reliever Jim Konstanty in the ninth. It was Roberts' 15th victory. Don Newcombe was the loser.

Giants Win Again
Wes Westrum's 18th homer with a man on base in the sixth inning gave Sheldon Jones and the Giants a 2-1 triumph over Warren Spahn and the Braves. Jones allowed four hits.

Stan Musial's 16th homer with one on in the second proved to be the deciding blow in the Cards' triumph over the Pirates. Ralph Kiner hit his 30th homer for Pittsburgh.

Mel Parnell yielded eight hits for his ninth Boston victory. Al Zarilla collected two singles and a two-run homer to lead the Sox.

The White Sox overcame a 5-0 Detroit lead to win. They knocked out starter Hal White with four runs in the sixth, added two more against Hank Borowy in the seventh and finished with three of loser Paul Calvert in the eighth. Eddie Robinson's 12th homer snapped a 6-6 tie.

**HAMBLETONIAN
CLASSIC TODAY**
Goshen, N. Y., Aug. 9 (AP) — The silver anniversary Hambletonian with a record purse of \$75,209 is scheduled for ancient Good Time park today and nobody in the village of Goshen will try to pick the winner.

Thirteen of the fanciest three-year-old trotters in the harness world have been entered for the event—stellar attraction on the grand circuit program. The first heat is scheduled to get away at 2 P.M. (EST).

Usually an outstanding sophomore trotter has appeared on the scene by Hambletonian time, but at least half a dozen horses impress the rail birds this time.

Chief among these are Star's Pride and Florican, the entry of trainer Harry Pownall, and Lusty Song, champion two-year-old trotter last season.

"The winner is going to know he's been in a horse race," said E. Roland Harriman, New York railroad magnate who owns part of Star's Pride and Florican. The other half of Star's Pride belongs to L. B. Shepard of Hanover, Pa., the shoe man who has the Hanover Shoe farm whence comes the "Hanover" name given thousands of standard bred horses.

"Lusty Song, from the Hayes Fair Acres stable, DuQuoin, Ill., has been beaten twice this year by Star's Pride—but not over a mile track such as Good Time park with its sharp turns. Owner E. J. Hayes bought the colt at auction for \$7,600, and he's got it back many times over."

The 1949 fish catch in New England was valued at \$60,000,000.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

TWENTY-FIVE YEARS AGO

Overabundance of Fruit at Market: There was an overabundance of fruit and vegetables at curb market Thursday morning, but buyers were notably scarce, and much of the produce was taken back home or peddled from door to door after market hours. Peaches and apples were exceedingly plentiful, the former selling at \$2 a bushel and the latter from \$1.25 to \$1.75 a bushel.

Masonic Camp Opens 47th Year: Formal opening of the Masonic camp, oldest organization of its kind in Adams county, and probably in the state, took place on Thursday at the camp's lodge near Harney, Md. Twenty members of the camp, most of them from Gettysburg, are in attendance. The campers will be in camp two weeks. Maurice Mullen, Gettysburg, is the chef.

The only survivors of the first two camps, so far as is known, are W. H. Tipton, Chambersburg street, and "Bill" Kendeheart, of the Gettysburg National bank, both of whom have been continuous members of the club and left with the campers. "Tie" Tipton was also in the first two camps with his "Dad."

33 Boy Scouts Leave for Camp: Thirty-three members of Troop 3, Boy Scouts of Gettysburg, left Saturday morning for Camp Ganoga, York county, for a two weeks' encampment. Scoutmaster Clyde Bream is in charge of the camp. Those making up the scout party and the bunk houses they are assigned to are:

Bunk House No. 1
Karl Grimm, Louis Vener, Norman Wermick, Jacob Britcher, Edward Hughes, Howard Hummer, Harold Oyler, Robert Shealer.

Bunk House No. 2
Albert Geyer, Richard Small, William Swisher, David Forney, Allen Plank, Jr., Dennis Fisel, George Forney, E. Albert Bell.

Bunk House No. 3
Harold Rummel, David Reaser, Chester Rogers, Glenn Minter, Edward Klinefelter, Floyd King, William Bagot and Robert Small.

Bunk House No. 4
Ned Buohl, Olaf Hagen, Nelson Mason, Harold Herman, Donald Stoner, Toddy Wiener, John Mickle and Chauncey Buohl.

County K.K.K. to Head Parade: Adams county Knights of the Ku Klux Klan headed the Pennsylvania delegation, estimated at 50,000 members, in the monster Klan parade and demonstration in Washington, D. C., Saturday afternoon. This was learned from D. B. King, Gettysburg, who says he is Imperial representative of the Klan in Adams county.

According to Mr. King, approximately 200 Klansmen, their wives and families went to Washington on Saturday from Adams county. Some of them went to York to board one of the 43 special trains chartered to take Klansmen to the demonstration.

Name Officers for County C. E.: The Adams County Christian Endeavor convention, which was held at Fairfield on Wednesday and Thursday, was well attended. Officers for the ensuing year were elected as follows:

President, Roy Heckenluber; first vice president, Lloyd Sharrett; second vice president, Rev. George Sheffer; recording secretary, Miss Myrna Sheely; corresponding secretary, Miss Helen A. Sheely; treasurer, C. C. Culp; junior superintendent, Miss Helen McClellan; quiet hour superintendent, Mr. Gelman; missionary superintendent, Miss Ethel Wenker.

Efficiency superintendent, John Colestock; publicity superintendent, Miss Vestal Stallsmith; good literature superintendent, Miss Dorothy March; finance superintendent, Ivan G. Naugle; president, 1st district, Robert Hoffman; president, 2nd district, Wilbur Plank; president, 4th district, Miss Mary Grace Hoover; president, 5th district, Mrs. Hummer; president, 6th district, Miss Edna Hoffman; pastoral counselor, Rev. WHERE JOY RESIDES

Common to us all is the urge and the desire for reasonable joy and peace of mind. But these states of mind cannot come about by any rule or diagram to be followed. Both come from extracting the honey of hope from the passing moment, be that place and moment merely where you may be. Largely it is a matter of will and a perceptive philosophy of life.

Joy resides where we feel it, whether that time and place be an isolated one, or among the throng of moving humans. For hours I watched, from time to time, a boat of fishermen a long distance away. I kept my eye upon them with my field glasses. There was little movement to the boat, but I knew that each man in it was residing within the inner circle of joy itself, or perhaps it was anticipation, which is akin to joy.

I am sure that joy resides within the heart of every flower that blooms, for as I look into any variety, that joy leaps to my consciousness. You never see an unhappy face belonging to a flower, no matter how lowly or isolated it may be. With pride and satisfaction it looks out into the world, and is content to bud, bloom, "waste its sweetness" from the spot where it was seeded, and brought to life, finally to wither and die. Its brief moment, however undoubtedly one of joy, because it gave out all the beauty that it owned!

Joy resides in the unworried mind. It has wonderful creative power, and is infectious. It can alter the events of a day. Once given contact with others, it source is vastly increased. Selfish joy soon dies, leaving nothing but withered dreams behind.

Joy resides on every act of kindness, in every enacted impulse of generosity and good will. No one can predict its length of life, but if it is genuine, that length is considerable. Mothers can get what I mean—so can every sponsor of the success and happiness of someone else. It's the one way to happiness. And it is so simple that many miss its route. Every useful discovery gives birth to personal joy—and often it becomes world-wide!

Tomorrow Mr. Adams will talk on the subject: "The Still, Small Voice."

NO SHOW-OFF
This is what bothers parents most. Who have a son of two or three: A clever tot, at home, but not a show-off when there's company.

At home, the rascal does his tricks. The instant that the word is said, The parson calls. For him he squalls. Or sucks his thumb or hangs his head.

"Sing for the ladies," mother begs, "The song you often sing for me." But not a note comes from the throat.

A stubborn, silent songster he.

A smart child to his Ma and Pa. But when to visit neighbors come, 'Tis truth I pen, no show-off then. Merely a boy who sucks his thumb.

Small Army Of Volunteers Readies South Mountain Fair Grounds For Exhibits

Following a custom that extends through the last three decades, a small army of countians has been active through the past few months setting the stage for the annual South Mountain fair.

And again, as has been the custom, the "Fair family" is planning a number of improvements over previous years.

Visitors to the fair this September 6, 7, 8 and 9 will find that the horse show has been moved, with a new and enlarged ring established to meet the requirements of the National Horse Show association.

Add New Department

A photographic department has been added to the other departments of the fair, and the Adams county 4-H clubs are planning to hold their annual round-up in connection with the fair.

Praise for those who do the work of the fair was given today by Arnold Orner, president of the South Mountain Community and Fair association.

"The fair has but a single goal—to please the exhibitor and the patron," Orner noted. "There is no other fair in Pennsylvania like the South Mountain fair. To appreciate this, one must see and know the group who put on the fair. Approximately 100 people, men, women, boys and girls, serve on the various committees. They are scattered in all sections of the county.

Want Fair to Succeed

"When a loyal group such as this gets together to promote a fair it is bound to be a success. Everyone works without pay, even tractor and machinery work is furnished by the men with the equipment. The entire group works together for a successful fair. As soon as one season is over plans are started immediately for the next one."

Officials of the fair association include Orner as president; George Schriber, Bendersville, vice president; Harvey B. Raffensperger, Arden, secretary; L. W. Garretson, Arden, treasurer; M. E. Knouse, Arden, secretary; Robert C. Lott, Aspers; Leslie V. Stock, Biglerville; Dr. J. L. Boyer, Arden, and Roy Heckel, Biglerville.

Members of the committees include: public relations and advertising, L. V. Stock, chairman; M. LeRoy Zeigler, Gettysburg R. 3; Paul Osborn, Biglerville R. FARM CALENDAR

Renovate Laying Houses—Before moving new pullets in from range give the laying house a thorough cleaning and renovation to give them a good start in healthful, sanitary quarters, urges F. H. Leuschner, extension poultry specialist of the Pennsylvania State college.

Check Heifers' Condition—Check the condition of heifers on pasture and give them enough feed to have them in thrifty, well-grown condition when they come into the barn at the end of the pasture season, urge Penn State extension dairy specialists.

Cool Milk Quickly—Produce clean milk, cool it quickly, and keep it cool to prevent growth of bacteria. These are some of the major steps urged by Ivan E. Parkin, Penn State extension dairy specialist, for producing quality milk.

Quality In Eggs—Because candled cartoned eggs usually are of a more uniform quality than nest-run eggs they command higher prices. Penn State extension specialists say consumers are becoming increasingly quality-conscious in eggs.

SHORTAGE OF MEN, TRUCKS SLOWS YANKS

By ELTON C. FAY
(Associated Press Military Affairs Reporter)

Washington, Aug. 7 (AP)—Lack of manpower and, to some degree, transportation apparently precludes any early, large-scale effort to upset the Korean Red Army by amphibious or airborne invasion behind the lines.

Nevertheless, military men here are not disposed to rule out the possibility that the time will come for use in Korea of the sea-air invasion technique that helped win World War II campaigns in both Europe and the Pacific islands.

Nor does it mean there won't be more forays by small groups landing from ships for demolition and scouting purposes along the enemy-held coastlines of Korea.

Odds Against It
The departure from American west coast ports of units of the 1st Marine division led to a widespread expectation on the home front that a spectacular landing was imminent. The Marines' reputation as amphibious landing specialists presumably gave rise to the expectation. Instead, the brigade landed quietly at a South Korean port, then moved to the front to take up positions with troops already in battle.

Whatever the military or psychological value of putting a big force behind the enemy now—to divert some of his attack force to beachhead defenses—the odds are weighted heavily against it.

Every man with a gun in the Far East zone seems to be needed badly to hold the defense line. There are no troops to spare or withdraw from the front.

Have Landing Ships
Because the Pacific war was waged almost entirely by a series of amphibious landings, there are some who believe it is doubtful that numbers and specialized types needed for a substantial effort—a division or more—are immediately at hand and ready for service.

On the other hand, the amount of available naval and air units needed to provide gunfire and air cover for a landing already is comparatively large.

Some speculation over the possible use of airborne invasion has arisen out of the fact that the United States has two airborne divisions in this country, the 82nd and the 11th. However, here there is the problem of transportation. It takes a great fleet of planes to move an airborne division of 12,000 to 16,000 men.

Not Too Good, Not Too Bad
Amphibious experts look upon Korea as neither too good, nor too bad for landings.

The west coast has several logical areas for landings, with flat country and fair beaches or harbors. However, Yellow sea tides have wide ranges, adding difficulties in timing and selection of beach areas for going ashore.

The east coast tidal range is much more moderate. But there the beaches and reefs would be more of a problem than on west. There is another disadvantage in an east coast landing: The north-south ridge of mountains rises sharply from the sea, meaning that an amphibious invasion force would be confronted with natural enemy fortifications and would have to work its way westward, laterally, across the ridge lines.

PETER MICKLEY REUNION HELD

The annual Peter Mickley family reunion was held Sunday at City Park, Hagerstown, with 175 of the clan present. A program of recitations, instrumentals and election of officers was held: George Downey, of Hagerstown, was elected president; Lehman Weaver, Hershey, first vice president; Mrs. Lester Davis, Peach Glen, second vice president; Mrs. Richard Trostle, Biglerville, secretary, and Miss Mamie Long, Hagerstown, treasurer.

The prizes for the youngest boy and girl were awarded to Bruce Shank and Melody Stillwell, both of Hagerstown. Mr. and Mrs. Lehman Weaver, of Hershey, were awarded prizes for coming the longest distance.

Local people who attended the reunion were: Mr. and Mrs. Dan Bucher and son, of Gardners; Mrs. Annie Bucher, Bendersville; John Bucher, Jr., Carlisle; Mrs. Lester Davis and daughters, Peach Glen; Mr. and Mrs. Carl Martz, Gettysburg; Mrs. Mary Keller, Cashtown; Mr. and Mrs. Richard Trostle and family, of Biglerville; Mr. and Mrs. Glenn A. Strike Settled In Hosiery Mill

Philadelphia, Aug. 9 (AP)—Settlement of a five-week-old strike at the Franklin Hosiery mills, Williamsport, Pa., with the granting of a 15 to 25 per cent wage increase to 150 employees has been announced by the American Federation of Hosiery Workers.

The contract, signed yesterday at Williamsport, provides five paid holidays, guaranteed downtime minimums, extra payments to compensate for shift work, maintenance of membership and a union dues checkoff, Federation President Alexander McKeown said.

The contract is the first between the union and the firm, a subsidiary of Rexall Drug.

RED CHINA'S AMBITIONS WORRY WEST

By DEWITT MACKENZIE
(AP Foreign Affairs Analyst)

Should Washington decide to reverse the policy no arms aid to the Chinese Nationalists on Formosa, that would fit a widespread western belief that Red China must be restrained from aggressive adventures.

We may hear more relative to that point when W. Averell Harriman, President Truman's new special assistant on foreign affairs, returns from consultation with General MacArthur in Tokyo. Harriman has instructions to discuss the whole Far Eastern political situation with the general.

Communist China, despite her huge size and population of half a billion, has given plenty of evidence that she has ambitions for extending her dominion and influence. More-over as a hand and glove partner of Russia she is the fulcrum which Moscow may well attempt to use to pry loose other Asiatic countries, one at a time.

Conquest of Asia
Apropos of such possibilities John Osborne, senior correspondent for Life magazine in the Far East, makes pertinent comment. After visiting Manila, Hong Kong, Formosa and Tokyo, he reports that the most interesting point of general agreement there is this:

"The Chinese Communists are committed to the conquest, by any necessary means, of all Asia. They are dedicated, of course, in behalf of and by the will of the Soviet Union. But they also are committed in their own interest. For quite apart from Moscow's direction and material aid, Chinese Communism has a might and a momentum of its own."

Everybody Wants Formosa
So far as concerns Formosa—last stand of Generalissimo Chiang Kai-shek's Nationalist government—both Moscow and Peiping want it. Peiping claims it as Chinese territory, and Russia desires control because of the big island's great value as a naval and military base.

Should Korea come under control of the Russo-Chinese brotherhood, that big peninsula would, with Formosa, form powerful pincers which could be used against the Japanese Islands.

Red China has made little effort to conceal her ambitions. As one of her aims she has announced that Tibet is to be taken back into the Chinese fold, from which it escaped at the time of the revolution of 1911. However, that is rather mild as compared with some other projects.

Malaya A Hot Spot
One hot spot, which well typifies the whole China-Russia program in Asia, is British controlled Malaya. This is one of the world's richest countries, rubber and tin being its chief assets. One third of all the globe's natural rubber (an essential in modern war) comes from there, and one half of the tin.

Moreover, Malaya not only is a great prize economically but militarily. The British point out that if the Reds could gain control of Malaya they would neutralize Singapore, Britain's great naval and air base at the tip of the peninsula. "There are numerous other danger spots— notably Indo-China, where major warfare is developing rapidly—a fact which increases the anxiety of the west regarding Peiping's intentions."

Harrisburg, Aug. 9 (AP)—The Commonwealth has completed financing of its multi-million dollar bonus to veterans of World War Two. A \$65,000,000 bond issue was sold to the National City Bank, New York city, bringing to \$440,000,000 the amount of bonds issued to pay a maximum bonus of \$500 to more than 1,200,000 veterans. The Commonwealth previously floated a \$375,000,000 issue.

PROMISES MADE BY DILWORTH

Danville, Pa., Aug. 9 (AP)—H. Richard Dilworth is elected governor of Pennsylvania he promises he will name a permanent highway planning commission to eliminate what he calls "political pressure in road building."

Dilworth, Philadelphia city treasurer, made his promise last night as his "Victory Caravan" moved into Danville for a campaign speech. The Democratic candidate for governor continued his verbal attack on his Republican opponent, former Judge John S. Fine.

He said, "Fine promises a better educational system but how is he going to keep that promise? Fine brought the Luzerne county school system to an all-time low."

Before he came to Danville, Dilworth made two other addresses. At Lebanon he urged that Pennsylvania State College be made "the most outstanding" engineering and agricultural school in the nation. He declared that at the present time Penn State is "not good enough to prevent the migration of students from Pennsylvania to other schools."

Later in Sunbury, Dilworth pre-

U.N. MEMBERS MAP STRATEGY TO STOP MALIK

By A. I. GOLDBERG

Lake Success, Aug. 9 (AP)—United Nations Security Council members mapped strategy today to break Russian President Jakob A. Malik's one-man stranglehold and filibuster which has stopped the Council in its tracks.

The Russians were not invited to the informal conferences which occupied most of other delegations. The Council recessed yesterday until Thursday afternoon after getting nowhere in one of the most bitter, heated sessions since Malik took over the presidency August 1.

Taking the floor when he wished as Soviet delegate, Malik threw another resolution into the Council, this one seeking to condemn the U. S. Air Force for bombing North Korea. He did this after making new charges that the U. S. is the aggressor in Korea, dictating the role the U.N. is playing.

Only One Answer
Warren R. Austin, U. S. delegation chief, retorted pointedly:

"Who hasn't cooperated with 53 other U.N. members in the Korean action? Who could call off the North Korea invaders? What member of this Security Council is assisting the invaders in the Security Council?"

In each case, Austin answered himself: "The Soviet Union."

But Malik refused to allow Austin's resolution of July 31, denouncing the North Koreans and demanding that aid for them be outlawed, to come up for a discussion. He refused to seat the South Korean representative unless the Council agreed to hear a North Korean.

Various Ways Possible
The meeting was still bogged down in a welter of procedure when it gave up until tomorrow. Malik wanted it to meet today and talk about the bombing of North Korea but was voted down, 9 to 1, with one abstention—Yugoslavia.

After the meeting, Ernest Gross, a U. S. delegate, said a number of courses are possible to meet Malik's obstruction.

The most extreme, he said, would be to change the rules of the Council of electing a president and make them effective immediately—virtually throwing Malik out of the chair.

Another extreme move—he stressed these are possible but not probable—would be to have no more meetings this month.

3 KILLED IN OZARK SPREE

Eminence, Mo., Aug. 9 (AP)—Three persons were killed and two others wounded in a wild shooting spree in the Ozarks hill country Monday night.

The gunman fled into a heavily wooded area near this south central Missouri town.

The dead include Bill Fansler, about 63, a farmer, his son, Homer L. Fansler, and a four-year-old girl, Barbara Harris.

Capt. J. A. Tandy of the state highway patrol identified the gunman as William Harris, 39, father of the slain child.

Officers set up road blocks and began an extensive search of the hills.

Captain Tandy said it was possible for a man to elude capture for days in the rugged country. Harris is well acquainted with the area.

Says Dewey Will Quit Public Life

Washington, Aug. 9 (AP)—Senator Ives (R-N.Y.) said Tuesday he has given up attempts to convince Thomas E. Dewey that Dewey ought to run for a third term as governor of New York.

"I think the governor has made up his mind to retire to private life and I'm afraid nobody can change his decision," Ives told a reporter.

Ives said he thinks Joseph Hanley, 74-year-old lieutenant governor, is almost certain to be the Republican nominee for governor. The New York senator added that the senatorial race seems to be "completely up in the air."

Dewey's action in turning over his August speaking engagements to Hanley and in lending the lieutenant governor the services of his secretary and campaign publicity director, James Hagerty, has been interpreted as a Dewey endorsement of Hanley.

Manila, Aug. 9 (AP)—The Philippines government offered Monday to send immediately to Korea a fully-equipped regiment of 5,000 combat infantry. This marked a sharp

France Will Get Two U. S. Warships

Washington, Aug. 9 (AP)—France will get its first two U. S. warships under the foreign military aid program August 12 at Philadelphia.

The two vessels are the 1,240-ton destroyer escorts Samuel F. Mills and Riddle, both in service in World War II. French Ambassador Henri Bonnet will accept the ships from Rear Admiral R. E. Schurmann, commandant of the Fourth Naval District.

In announcing the transfer Tuesday the Defense Department said the ships will be renamed the Arabe and Kabyle.

France is the second country to get warships from the United States under the assistance program. Two destroyer escorts were transferred to The Netherlands on June 1. Eight more ships of the same class are now being readied in American shipyards for early delivery to Western European allies.

city of St. John's Lutheran church, Thursday at 8 p.m. Mrs. Lloyd L. Staveland will be the leader.

Hong Kong, Aug. 9 (AP)—Chinese Communist shore batteries fired Monday on the 5,000-ton British freighter Hangsang. Two ship's officers were wounded by fragmentation.

The shelling was about 15 miles south of Hong Kong in the same general area where five small shells were fired on Sunday at the American freighter Steel Rover.

Indict "Strong Man" In Murder Of Cop

Hagerstown, Md., Aug. 9 (AP)—Steve Oris, 60-year-old former vaudeville strong man, was indicted on a murder charge on Monday in the death of State Trooper Lauren M. Ridge.

A special session of the Washington county grand jury heard five witnesses tell about the shooting of the 29-year-old trooper last month.

After Ridge was slain police reinforcements engaged Oris in a gun battle on his property on the outskirts of the city and wounded him critically. He still is being treated in Washington County hospital. Ridge was sent to the Oris place

"Seoul City Sue" On Air In Korea

U.S. 8th Army Headquarters in Korea, Aug. 9 (AP)—A Red Korean "Tokyo Rose" began propaganda broadcasts in good American English last night from Seoul, Communist-held capital of South Korea.

Like the Tokyo Rose broadcasts of the Second World War, the aim is to undermine soldier morale.

Seoul's woman propagandist chided U.S. airmen for what she called "promiscuous bombing of schools and strafing of farmers." In honeyed tones she urged American soldiers to "return to your corner ice cream stores in the States."

A 558th Military Police company radio picked up the broadcast. Enlisted men immediately nicknamed her "Seoul City Sue." The identity of the woman was not known here.

after two county tax assessors reported Oris had fired at them with a deer rifle. The assessor later told police Ridge took the rifle away from Oris, who then drew a revolver from his pocket and shot the trooper to death.

She spoke with a slight accent that M.F. listeners could not identify.

Pittsburgh, Aug. 9 (AP)—Teams representing Natrona and Blythe-dale were knocked out of the state eliminations of the National Baseball Congress in third-round play last night at nearby Munhall.

First of the Fine Cars in Value

YOU can see this man has made his mark in life, and while his heart's still young.

You can tell he likes action for his money—that he knows a fine car needn't be the most expensive to give the greatest value.

Yes, such are the things you know of any man, when you note that his car is a ROADMASTER.

Follow him on his spirited way as he pilots this lively motorcar through traffic. Even the light-weights are no match for this road-steady husky—not with the 152-horsepower straight-eight Fireball engine that purrs beneath its bonnet.

Maneuver beside him at the next stop light. Then just try to get away as smoothly, swiftly and silently as Dynaflo Drive gets his ROADMASTER going—and keeps it rolling without shifting, even automatically.

But don't waste time merely envying the man in this great car! Why not emulate him?

With all its outsize room, interior luxury and exterior grace—with all its front-rank prestige, rare performance and matchless ride—a ROADMASTER can be yours for less than some smaller cars cost.

In fact, even if you had a fortune to spend, you couldn't make a more fortunate buy in the fine-car field.

So we suggest you try a few minutes behind the wheel. We're confident they will convince you that ROADMASTER has everything you could ever ask for in any motorcar—although your Buick dealer asks a good bit less for ROADMASTER than you might pay for other top-line cars.
